

## Custodial Services with Collegiate Pride

Grand Traverse Industries performs custodial services for large and small offices, manufacturers, hotels, and more. But perhaps none is a greater source of pride than the relationship GTI has had for more than ten years with Camp Michigania, the northern Michigan resort owned by the University of Michigan Alumni Association. Set amongst 400 acres of woods and rolling meadows along Walloon Lake, the Camp is picturesque, drawing thousands of Wolverine grads to its many programs each year.

During the busy summer season, a crew of fifteen GTI staffers performs complete cleaning and custodial services each day, ensuring a worry free vacation for alumni and turnkey solution for the Camp's management.

Alumni Association Executive Director Mitch Rosenwasser comments, "GTI is very willing to help out whenever needed. They are flexible and responsive to our needs."
